TROPICAL CYCLONE BULLETIN NR. 1

Tropical Depression MIRASOL

Issued at 5:00 PM, 16 September 2025

Valid for broadcast until the next bulletin at 8:00 PM today.

HAZARDS AFFECTING COASTAL WATERS

24-Hour Sea Condition Outlook

Up to moderate seas over the following coastal waters:

- **Up to 2.5 m:** The seaboard of Cagayan, Babuyan Islands, and Batanes; the eastern seaboard of Isabela and Aurora; the northern seaboard of Ilocos Norte.
- **Mariners of motorbancas and similarly-sized vessels are advised to take precautionary measures while venturing out to sea and, if possible, avoid navigation under these conditions.**

TRACK AND INTENSITY OUTLOOK

- Tropical Depression MIRASOL is forecast to continue moving northwestward and will slightly decelerate as it approaches Isabela-Aurora area. On the forecast track, the center of MIRASOL may make landfall in Isabela or northern portion of Aurora by tomorrow morning. However, a more north northwestward or northward movement will likely result to no landfall scenario and will just move over the coastal waters of Northern and Central Luzon. By Thursday (18 September) morning, MIRASOL will re-emerge over the Luzon Strait and will continue moving north northwestward until it exits the Philippine Area of Responsibility between afternoon and evening.
- MIRASOL will slightly weaken as it traverses the Northern Luzon landmass. Once it is over the West Philippine Sea, it is forecast to intensify and reach tropical storm category by Thursday afternoon or evening.

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

The next tropical cyclone bulletin will be issued at 8:00 PM today.
